

Mobile In™ Portable Audio Interface

Legendary POD® guitar tone now available for iPhone® and iPad®

- **Mobile POD app brings world-famous POD guitar tone to iOS devices**
- **Pristine digital interface delivers pro-quality sound**
- **Compatible with GarageBand® for iPad and other popular apps**

For the first time ever, legendary POD guitar tone is available for Apple® iOS devices. Mobile In™ input adaptor and the free Mobile POD app bring famous modern and vintage guitar tones to iPhone and iPad. Powered by the Apple device itself, Mobile In is the most portable way to get great guitar tone ever.

Mobile In is a pristine digital interface that features high-quality audio input circuits and digital converters with up to 115 dB dynamic range, delivering superior clarity and richness. This pro-level design improves guitar tone even when using other music creation apps like GarageBand for iPad and more.

Mobile POD offers the largest model set of any guitar tone app with 16 stompboxes, 32 amps, 16 speaker cabinets and two microphones. Visually edit and save tones with its graphical display. Access over 10,000 more tones for free at CustomTone.com!
